Quadruple Induction Charge Station
for Wii™ Remote & DSi/DSi™ XL

Wi-B4NCWD

for Wii™
DSi™ & DSi™ XL

INDUCTION CHARGER

Wii™ Motion Plus Compatible

Simply place your DSi/DSi XL on the pad to recharge. No wires!

Store and charge your Wii remotes using non-contact induction charging technology, and even charge your DSi/DSi XL system too, all wirelessly! Our charging solution could not be any simpler: once set up, just place up to 4 Wii remotes (with or without Motion Plus adapters connected) on the magnetic charging cradles and place your DSi/DSi XL system on the charging pad below. This eliminates the fortune generally spent on batteries, as well as removes the annoyance associated with keeping wired chargers handy. Plus it keeps everything organized in style, making the Quadruple Induction Charge Station both a money and space saver.

Specifications:
- LED lights illuminate blue while charging
- LED lights will be off when fully charged
- Powered by AC adapter
- Battery Type: 900mAh Rechargeable

Features:
- Charge up to 4 remotes at once
- No need to buy disposable batteries
- No need to plug in cables to your DSi/DSi XL

**Wii Remotes, Wii Motion Plus and DSi not included*
